

SHAHRIAR NOORINEJAD

ARCHITECT | INTERIOR DESIGNER

Interior architect and architectural designer with international experience across interior architecture, spatial design, and high-end visualization. Strong ability to translate conceptual ideas into detailed technical drawings and buildable design solutions. Experienced in leading design development from early concept through execution, including material selection, joinery detailing, lighting design, and 3D visualization.

Passionate about research-driven design, spatial experience, and integrating design quality with technical precision. Seeking to contribute to an international architectural practice with a strong focus on innovation, collaboration, and design excellence.
